

DR-250TXL Spray System

ASPHALT DISTRIBUTOR EQUIP-

Totally Hydraulic Machine!

(Optional) Electronic Burner Control

DR-250 TXL shown with optional recirculating spraybar

The Ditch Runners designed DR-250 Asphalt Distributor spray system has been proven in the field for the past 14 years. It's simple, rugged built, all hydraulic machine gives the asphalt professional the most versatile spray solution available. This machine comes standard with more options in it's class than most of the competition. The pump system is 1" plumbing & heated to keep the material lines consistently flowing.

Standard features:

- 1" Bi-rotational material pump.
- Pumping and suction capabilities.
- Pump and plumbing are covered & heated.
- 9HP Briggs I/C engine, w/electric start.
- 100LB propane cylinder.
- Heavy duty tongue jack.
- Easy operators controls.
- Splash proof inter lid.
- 50,000 BTU burner & hand torch.
